MEMO FOR: Chief, PW
SUBJECT: Leslie Nobregas Heria
DATE: 16 Nov. 1961.

1. Leslie Nobregas has been acting as Captain of the PT boat Susan Ann, running operations out of Neutral Harbor.
2. He is professionally an airmen—not a seaman—and has let it be known that he would like to be relieved of his duties on Susan Ann if this can be done in such a way that he will not loose face in the eyes of the Cuban community.
3. We would like to continue using the Susan Ann and have a competent Captain to handle her if Leslie is relieved.
4. If, through your connections, it could be arranged to have Leslie moved into a job more in line with his professional abilities, it would be appreciated.
